

Have you been a Victim of Fraud?

Important steps to remember:

STOP

- Stop before paying for goods or bank transferring money
- Check the legitimacy of the person requesting money

THINK

Think:

- Were you expecting the call?
- Could it be fake?
- Are you being told what to do?
- Are you being rushed?
- Do you feel in control?

PROTECT

Protect yourself by:

- Being vigilant
- Ending the call
- Contacting your bank, police and Action Fraud
- Seeking support

Be Aware:

- Cold calls
- People knocking on your door
- Emails offering insurance
- Calls offering to fix your computer
- Offers which are too good to be true

Don't:

- Give out personal information
- Give out banking details
- Give out passwords
- Give over control of your PC
- Pay/Transfer money
- Download software

Do:

- Inform your bank
- Report it to the police and Action Fraud
- Reset your passwords
- Update your anti-virus software
- Check the sender's email address
